THE PROFILE

Maxfire Protection Systems LLC established in 2012, is a group concern of the Bridgeway Group which has operations in UAE, KSA, Qatar & India for the last 50 years in contracting, trading, shipping, logistics & healthcare etc. Bridgeway Group has got immense experience in taking up turnkey projects in electromechanical & fire protection works and has carried out many prestigious projects.

Our clientele include Panasonic, Emerson, O2 Residence, Binghati, Marina Crown, Suhara Logistics, Vakson Real Estate, University View, Unilever group, Gulf Agency company, Jotun, Gulpher pharmaceuticals, Bourouge, Al Rahji & Al Okhair Group (KSA) etc.

Maxfire is based in Dubai and is approved by Civil Defence of Dubai and Abu Dhabi to undertake fire protection works. Maxfire has a dedicated team of experienced engineers to take up total design, supply of materials, installation and annual maintenance contracts as per NFPA / Civil defence regulations. We have the infrastructure and manpower to take up turnkey projects and provide quality solutions tailored to the requirements of the clients thereby assuring absolute client satisfaction. We are specialized in the design & execution of fire protection systems for power projects, oil refineries, fuel tanks, industrial, warehouse, residential / commercial complexes, showrooms, hotels, banks, telecommunications etc. as per NFPA / BS / local civil defence standards / other relevant international standards.

We take up Service, Installation & Maintenance of:

- Dry / Wet Riser Systems
- Fire Extinguishers & Fire Hose Reels and Cabinets.
- External Fire Hydrants.
- Sprinkler Systems, Foam System, Pre-Action & Water Spray
- Water Mist Systems.
- Fire Pumps.
- Wet Chemical (Kitchen Hood) Systems.
- Clean Agent Systems(FM-200, IG-55, IG-541, FE-13, Novec 1
- Fire Alarm System (Conventional & Addressable)
- Air Sampling Systems.
- Linear Heat Detection (Analog, Digital & Optic Fibre)
- Self Contained Emergency & Exit Lights
- Central Emergency Light Monitoring System
- Central Battery Systems
- Voice Evacuation System & Fireman's Telephone.

OUR

We are dedicated to providing state-of-the-art fire safety systems that not only meet but exceed industry standards, ensuring that our clients can operate with peace of mind.

- Committed to safeguarding lives and properties through innovative fire protection solutions.
- Dedicated to delivering unparalleled service and expertise in fire safety.
- Striving for excellence in every aspect of fire prevention and response.
- Empowering communities with cutting-edge technology and training.
- Passionate about creating a safer environment for all through proactive measures.

OUR

It is our vision to built on our reputation for intergrity, excellence, experience and leadership as the finest contracting organization by:

- Setting targets and achieving goals.
- Constant improvement in the quality of our work and services.
- Continously striving to exceed each client's expectations.
- Maintaining our dedication to the highest moral principles.
- Providing our people with a challenging,secure and safe environment to achieve personal career goals.

OUR

our core values serve as the foundation of our commitment to excellence and integrity in the fire protection industry.

- **Commitment to Excellence:** Striving for the highest standards in every service and product.
- **Integrity:** Upholding honesty and transparency in all interactions.
- **Innovation:** Embracing cutting-edge technology to enhance safety solutions.
- **Customer-Centric Approach:** Prioritizing client needs and fostering lasting relationships.
- **Sustainability:** Promoting eco-friendly practices in all operations.

ORGANIZATIONAL CHART

MAXFIRE

HEALTH & SAFETY POLICY

Maxfire Protection Systems LLC prioritizes the health and safety of its staff through a robust policy designed to mitigate risks and ensure compliance with safety standards in fire protection system operations. The policy emphasizes the importance of safe practices, employee training, and proactive measures to create a secure work environment.

- **Comprehensive Training:** Regular training for all staff on fire safety protocols, equipment handling, and emergency response procedures.
- **Risk Assessments:** Conducting thorough risk assessments at job sites to identify and mitigate potential hazards.
- **Personal Protective Equipment (PPE):** Ensuring all employees have access to and use appropriate PPE while performing tasks.
- **Equipment Maintenance:** Regular inspection and maintenance of fire protection systems and tools to ensure operational safety.
- **Emergency Preparedness:** Establishing clear evacuation plans, first-aid measures, and incident reporting protocols to respond effectively to emergencies.

QUALITY POLICY

Maxfire Protection Systems LLC is committed to delivering high-quality fire protection solutions that meet safety protocols and exceed customer expectations. The policy ensures that all staff adhere to stringent quality standards, fostering a culture of excellence, reliability, and safety in every aspect of operations.

- **Adherence to Standards:** Ensuring compliance with industry-specific quality and safety standards in all fire protection systems.
- **Skilled Workforce:** Providing ongoing training and skill development to maintain a competent and knowledgeable workforce.
- **Rigorous Testing:** Conducting thorough testing and quality checks on all fire protection equipment and systems before deployment.
- **Customer-Centric Approach:** Prioritizing customer needs and feedback to continuously enhance service quality and safety protocols.
- **Documentation and Traceability:** Maintaining detailed records of quality checks, inspections, and installations to ensure accountability and traceability.
